Beijing, China
April 10-15, 2023
Hall W3, USA Pavilion, Booth B011

Total Gear Solutions **Gleason**

You are cordially invited
to visit Booth B011, Hall W3 in the USA Pavilion
at CIMT 2023 at China International Exhibition Center, Beijing, China.

See the latest in design, manufacture and inspection of gears and meet Gleason's gear technology experts to discuss your specific applications in person. Highlights include: KISSsoft transmission design software, latest chamfer cutting technologies, a new benchmark machine in large gear grinding, gear inspection at nano level, and revolutionary in-process inspection with integrated gear noise analysis, complemented by efficient tools and modular workholding which will bring added value to your daily manufacturing life.

We look forward to welcoming you.

He Bo
