

iptex22

Pune, India  
April 21-23, 2022  
Booth A-A1, Hall A

Total Gear Solutions

Gleason

**You are cordially invited**

to the Gleason Booth A-A1 in Hall A at this year's IPTEX at Auto Cluster Exhibition Centre, Pune, India.

“Connected Systems” make your gear production faster and more efficient than ever before.

Highlights include the new Gleason Hobbing-Shaving Manufacturing Cell, automated hard gear Power Skiving with integrated cutter sharpening, Combi Honing of typical e-drive applications, metrology with integrated gear noise analysis, KISSsoft design and simulation software for gears and transmissions as well as smart tooling systems.

Experience the world of connected gear manufacturing systems.

Pardeep Aggarwal  
Director & General Manager  
Gleason Works (India) Private Limited

Michael Vranic  
Vice President Sales Europe & India  
Gleason Sales

KISSsoft® design software for gears and transmissions.

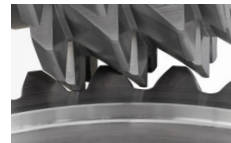

Smart bevel gear design and manufacturing software.

500C highly efficient production of bevel gears up to 500 mm in diameter.

Pentac® Ecoblade cutter system for minimum tool cost.

280HCD gear hobbing with integrated chamfer hobbing.

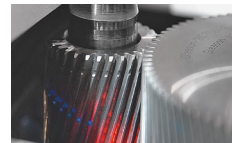

Power Skiving with integrated reshaping.

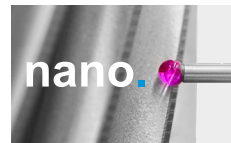

Automation systems for various applications.

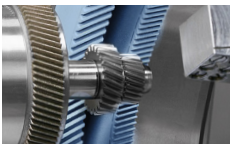

Twist-controlled grinding and polish grinding.

In-process gear inspection via roll testing and laser scanning.

Gear inspection at nano level and gear noise analysis.

Combi Honing and Super Finishing of e-drive-gears.

Modular workholding for rotatory parts.

Plastic gear design, prototyping and manufacture.

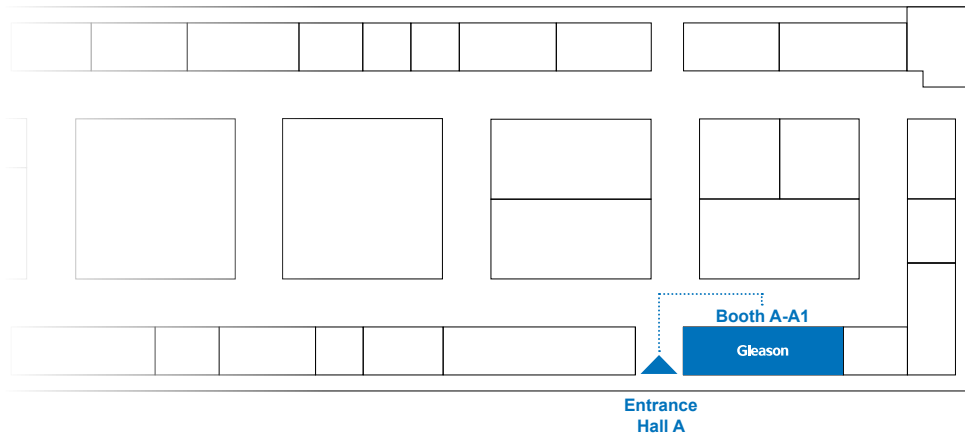

Fingerprint analysis for predictive maintenance.

Manufacturing of large industrial and wind power gears.

We look forward to welcoming  
you at Booth A-A1 in Hall A.

Please let us know the day  
and time of your visit at:
